

Monytize™

Where it pays to be social.

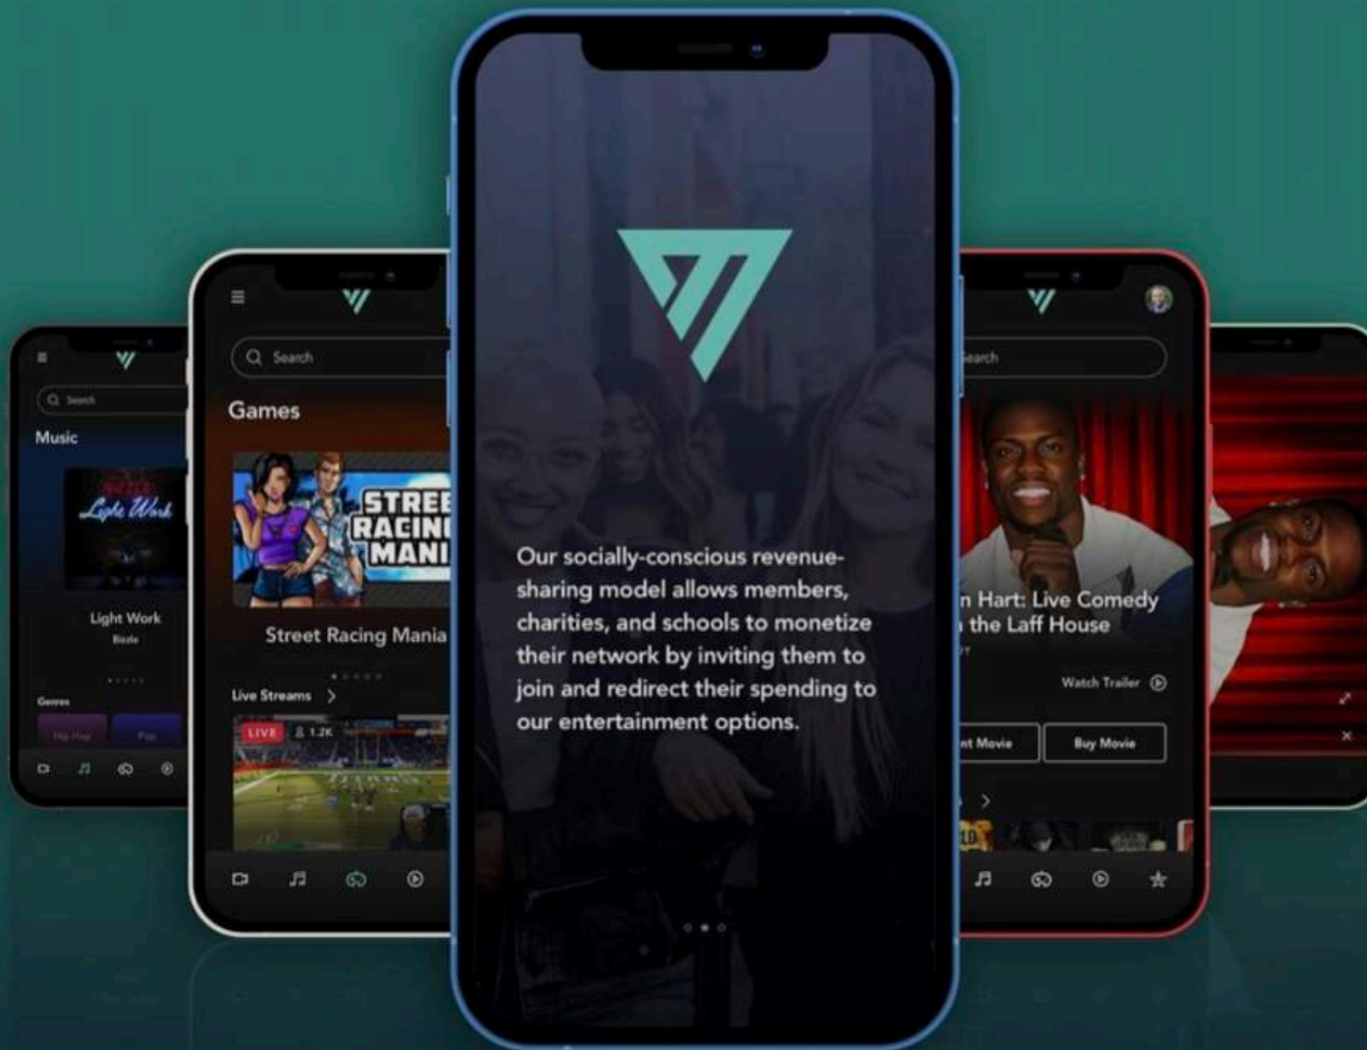

MONYTIZE.COM

Where it Pays to be Social!

Our socially-conscious revenue-sharing model allows members, charities, and schools to monetize their network by inviting them to join and redirect their spending to our entertainment options.

ABOUT MONYTIZE

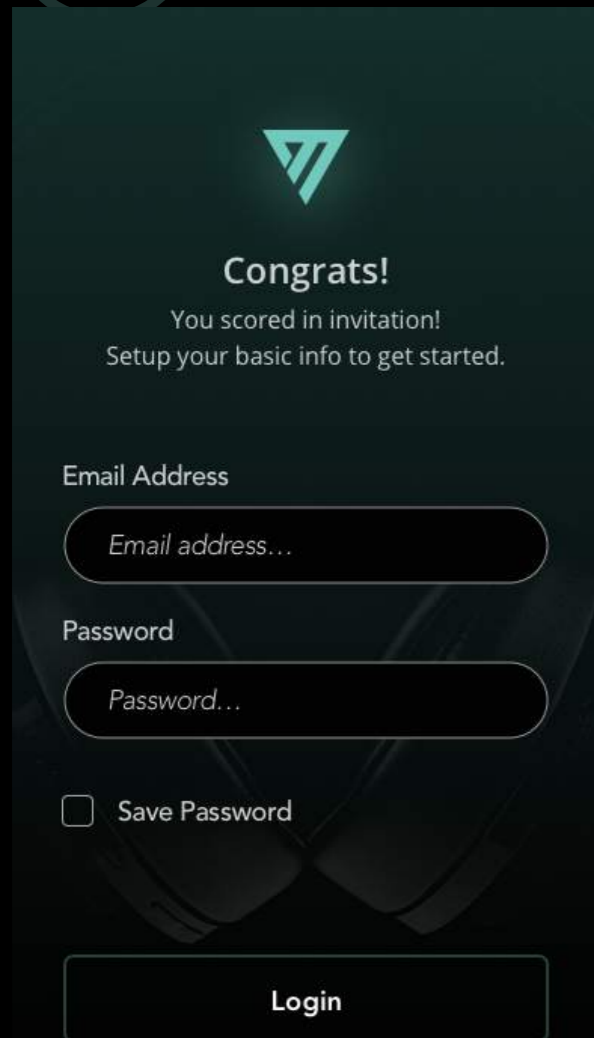

Monytize is an invitation-only social media platform, that does not charge it's users to join. Through our innovative technology, we have developed a way for our community of users to build revenue streams from rental subscriptions, the purchase of movies, music, games and so much more.

It's a place to monetize your community through our unique pay back model.

SO HOW DO YOU START MONYTIZING?

WHAT PROBLEM ARE WE SOLVING?

Our world is in the middle of a pandemic with lots of people and businesses being in the middle of a financial crisis. Monytize has created a new financial ecosystem that everyone can use right now.!

Since January of 2020, home entertainment spending increased 70 percent. What better way to get the world out of this situation than by using the very same dollars we are spending, and capture these dollars and recirculate them back into society.

Timing: Right now is the perfect time for a platform like this because people around the globe are spending more money and time at home. Every charity, school, business, and person is affected financially, to some degree, by this pandemic.

Members can set some financial goals for their family (using our calculator in your profile page) and utilize Monytize as a full-time job, or just continue to invite your network until you reach the desired monthly revenue stream.

REAL TIME TRACKING

This separates us from every other platform and keeps everything transparent, while showing the passive income for every member in real time!

(Anyone that signs up using any invite link in your network you will see in real time)

WHAT'S IN IT FOR YOU?

This is a unique opportunity to give back to the people whom have supported you over the years, when they need it the most by inviting them to join your Monytize network so they can get paid too.

If you have a large database or fanbase you can benefit greatly from using Monytize. You have a chance to make residual passive income while Monytize does all the work for you. 3-4 revenue streams from Monytize monthly, equals to half of your Fanbase size.

*(When they spend money on one subscription package)
example: 1,000,000 in your database = 500,000 per month
you can withdraw from Monytize every two weeks. (However those 1,000,000 members are getting paid too so everyone wins).*

You can use this money to keep your charity/foundation funded monthly so your group can help more people around the world. These are dollars we created using entertainment spending to help sustain and grow our communities globally.

HERE'S HOW YOU INVITE YOUR NETWORK

Just post a link, and tell your fans,

“You can now get paid to watch movies, play games, and listen to music! Join me on my new social media page and sign up for free using my personal invitation!

Once you join, redirect your spending here and get paid! You can use this money to pay bills, or buy groceries, anything you want.”

Thank You!

We want to thank you for supporting us over the years: we found another way we can continue to give back to you and your family financially.

Join us on our new social media platform, it's free to join, and you get paid whenever you watch movies, play games, or listen to music.

Here is your invitation!

Just [click here](#) and set up a profile page for your family!

See you on Monytize!
